Have got en inglés A1

Have got es una forma muy común en inglés para expresar posesión. Funciona igual que have pero se usa mucho en inglés británico y conversacional. I have a car = I've got a car. ¿Tienes? = Have you got?

META DE LA LECCIÓN

Expresar posesión usando have got en sus tres formas: afirmativa, negativa e interrogativa.

MODELO

I've got a dictionary. / She hasn't got a phone. / Have you got a pen?

Al terminar podrás

1. Usar have got en afirmativa: I've got, she's got, we've got.
2. Formar negativas: I haven't got, he hasn't got.
3. Hacer preguntas: Have you got? / Has she got?

CÓMO ESTUDIAR

Lee la explicación, reconstruye el mapa sin mirar, resuelve las seis etapas y corrige al final. Vuelve al modelo para justificar cada decisión.

01 · COMPRENDER

La idea esencial

Aprende a usar have got en inglés A1 para expresar posesión. Domina las formas afirmativa (I've got), negativa (I haven't got) e interrogativa (Have you got?).

Qué es have got y cuándo usarlo

Have got es una expresión muy común en inglés, especialmente en inglés británico y coloquial, para expresar posesión. Significa lo mismo que have cuando hablamos de cosas que tenemos: I have a book = I've got a book. La diferencia es de registro y variedad: have got suena más natural en conversación.

En A1 es importante conocer have got porque aparece constantemente en textos, audios y conversaciones. Los estudiantes latinoamericanos a veces lo confunden con el present perfect (have + past participle), pero have got para posesión es una estructura completamente distinta.

Conjugación: have got vs has got

La conjugación de have got sigue la misma lógica que have: para I, you, we y they se usa have got; para he, she e it se usa has got. En las contracciones: I've got, you've got, we've got, they've got; he's got, she's got, it's got.

El error más común es usar have con he/she/it: "she have got" es incorrecto. Siempre: She has got / She's got. Para preguntas: Have you got? / Has she got? — el auxiliar (have/has) va al inicio.

Have got para descripción personal en A1

Have got es especialmente útil en A1 para describirse a uno mismo y describir a otros: I've got brown eyes. / She's got long hair. / He hasn't got a car. Estas frases aparecen en descripciones físicas, presentaciones y conversaciones cotidianas.

También se usa para hablar de posesiones materiales (I've got a laptop) y familia (I've got two brothers). En WeLearn lo practicamos desde A1 porque permite hablar de uno mismo de forma muy natural.

¿Cuál es la diferencia entre "have" y "have got"?

Significan lo mismo (tener/poseer). "have got" es más común en inglés británico y hablado ("I have got a car" / "I've got a car"); "have" es más neutro y universal ("I have a car"). En preguntas y negaciones cambian: "Have you got⋯?" vs "Do you have⋯?".

¿Cómo se usa "have got" en inglés?

have/has got + sustantivo, normalmente contraído: "I've got two brothers", "She's got a dog". Se usa para posesión, relaciones y características. Con he/she/it se usa "has got": "He has got blue eyes".

¿Cómo se hacen preguntas y negaciones con "have got"?

Pregunta: se invierte have/has ("Have you got a pen?", "Has she got time?"), sin do/does. Negación: "haven't got / hasn't got" ("I haven't got money", "He hasn't got a car"). Es distinto de "have", que en pregunta/negación usa do/does.

Have got: contrastes que cambian el significado

La forma central de esta lección no se aprende bien como una traducción aislada. Compárala dentro de la oración completa: I've got a dictionary. / She hasn't got a phone. / Have you got a pen? La elección depende de la función que cumple cada parte y de la intención comunicativa, no solo de una palabra visible.

Usa la tabla como prueba de contraste. Cubre la columna de explicación, reconstruye el ejemplo y di en voz alta qué cambiaría si eligieras la otra forma. Este procedimiento convierte Have got en una decisión razonada y reutilizable.

Modelo	Lectura o función
I've got / I haven't got	I've got a dictionary. / I haven't got a car.
She's got / She hasn't got	She's got blue eyes. / She hasn't got a phone.
Have you got? / Has he got?	Have you got a pen? / Has he got siblings?
They've got / We've got	They've got a great teacher. / We've got homework.
I haven't got / You haven't got	I / You / We / They
He hasn't got / She hasn't got	He / She / It

Ruta de decisión para Have got

Empieza por el significado y sigue la ruta en orden. La fórmula I/You/We/They have got | He/She/It has got | Questions: Have + subject + got? resume la arquitectura, pero cada paso comprueba una dependencia distinta: referente, sujeto, verbo, complemento, posición o contexto.

Si una respuesta falla, no memorices solamente la corrección. Identifica en qué paso se rompió la ruta y reconstruye una segunda oración con la misma regla. Así la retroalimentación se convierte en una estrategia, no en una lista de excepciones.

Paso	Decisión	Punto de control
1	Afirmativa: I have got -> I've got. She has got -> She's got. They have got -> They've got.	I've got a dictionary. / She hasn't got a phone. / Have you got a pen?
2	Negativa: I have not got -> I haven't got. He has not got -> He hasn't got.	I/You/We/They have got | He/She/It has got | Questions: Have + subject + got?
3	Interrogativa: Have you got a book? / Has she got a dictionary?	I/You/We/They have got | He/She/It has got | Questions: Have + subject + got?
4	Have got y have son intercambiables para posesión: I have a car = I've got a car.	I/You/We/They have got | He/She/It has got | Questions: Have + subject + got?
5	NUNCA: "I've got have a car" o "Has she has got?" — solo one auxiliary.	I/You/We/They have got | He/She/It has got | Questions: Have + subject + got?

Uso real: de la tabla a una interacción A1

Una forma gramatical puede ser correcta y todavía resultar poco natural si no responde a una situación. Lee cada modelo como parte de una conversación, una descripción, una rutina o una instrucción. Pregunta quién habla, a quién y con qué propósito.

Después cambia un solo elemento -sujeto, tiempo, lugar o cantidad- y conserva el resto de la estructura. Esta variación controlada muestra qué partes pertenecen a la regla de Have got y cuáles dependen del vocabulario del ejemplo.

Contexto	Modelo	Transferencia
I / You / We / They	I've got / You've got	I haven't got / You haven't got
He / She / It	He's got / She's got	He hasn't got / She hasn't got
Pregunta (you)	Have you got a pen?	Haven't you got a pen?
I've got a dictionary. / I haven't got a car.	I've got / I haven't got	Cambia el sujeto y conserva I/You/We/They have got | He/She/It has got | Questions: Have + subject + got?
She's got blue eyes. / She hasn't got a phone.	She's got / She hasn't got	Cambia el sujeto y conserva I/You/We/They have got | He/She/It has got | Questions: Have + subject + got?
Have you got a pen? / Has he got siblings?	Have you got? / Has he got?	Cambia el sujeto y conserva I/You/We/They have got | He/She/It has got | Questions: Have + subject + got?

Clínica de errores y autocorrección

Los errores de esta lección suelen revelar una regla española aplicada directamente al inglés o una dependencia comprobada solo a medias. Corrige primero la estructura mínima y explica después por qué la alternativa cambia la forma o el significado.

La revisión final tiene cuatro preguntas: ¿el sujeto está claro?, ¿el verbo tiene la forma necesaria?, ¿la posición conserva el foco?, ¿la oración completa expresa la intención? Solo entonces compara ortografía y puntuación.

Caso	Forma que debe revisarse	Foco
1	"I have got have a car" ☒ -> I've got a car ☒ — no doble auxiliar.	have vs has got

Caso	Forma que debe revisarse	Foco
2	"She have got" ☒ -> She has got / She's got ☒ — 3.ª persona: has got.	contracciones 've got / 's got
3	"Has you got?" ☒ -> Have you got? ☒ — you siempre con have.	preguntas Have/Has...got?

Transferencia final: comprender, producir y explicar

Dominar Have got significa poder reconocer la forma, construirla sin opciones y justificarla dentro de un mensaje. Trabaja en tres vueltas: primero identifica la decisión en un ejemplo; después produce otra oración con vocabulario diferente; finalmente explica qué parte de la estructura no podría cambiar sin alterar el significado.

La explicación no necesita metalenguaje avanzado. Basta con nombrar el referente, el sujeto, el verbo, la posición o la relación que controla la respuesta. Esta verbalización ayuda a distinguir un acierto razonado de una coincidencia y prepara el paso hacia textos más largos, donde varias decisiones gramaticales aparecen al mismo tiempo.

04 · SOLUCIONES

Corrige y explica la regla

En respuestas abiertas, compara primero la estructura objetivo y después el vocabulario.

1. 've got — I've got = I have got — 1.ª persona singular.
2. has got — She/Lía has got — 3.ª persona singular: has got.
3. Have — Have you got? — pregunta con you: Have.
4. haven't got — I haven't got = I don't have — negativa 1.ª persona.
5. Has — Has Nico got? — 3.ª persona: Has.
6. 've got — We've got = We have got — 1.ª persona plural.
7. hasn't got — He hasn't got — negativa 3.ª persona: hasn't got.
8. 've got — They've got — 3.ª persona plural: have got.
9. has / got — 3.ª persona: has got. She has got — got es parte fija.
10. Have / got — Pregunta con you: Have you...? Have you got? — got invariable.
11. haven't / got — Negativa I: haven't got. I haven't got — negativa con got.
12. has / got — "Our class" = it -> has got. Our class has got — 3.ª persona.
13. Have / 've / Have / haven't / got / 's — Pregunta con you -> Have you got? Yes -> I've got (afirmativa). Segunda pregunta con you -> Have you got? No -> I haven't got. Has your friend got — got siempre al final. Yes, she's got it — 3.ª persona afirmativa.
14. 've got / 's got / 've got / Have / hasn't got / Has — I've got — 1.ª persona afirmativa. She's got — 3.ª persona afirmativa. We've got — 1.ª persona plural. Have you got? — pregunta con you. He/she hasn't got — negativa 3.ª persona. Has...got? — pregunta 3.ª persona.
15. I've got a new notebook. — I've got a new notebook. — contracción I've got.
16. She's got brown eyes. — She's got brown eyes. — 3.ª persona: 's got.
17. Have you got a dictionary? — Have you got a dictionary? — auxiliar al inicio.
18. He hasn't got a car. — He hasn't got a car. — negativa 3.ª persona.
19. I've got a smartphone. I've got an English notebook. — I've got [thing]. Use contractions: I've got, not I have got (both correct but contractions are more natural).
20. My friend's got a great memory. — My friend's got = My friend has got — 3.ª persona, contracción 's got.
21. Have you got a pen? — Have you got [something]? — pregunta directa con have you got.
