01 · COMPRENDER

La idea esencial

Aprende a expresar exceso y cantidad suficiente con too, too much, too many, enough y not enough.

Too expresa un exceso con consecuencia

Too no significa simplemente muy. Indica que la cantidad o intensidad supera lo conveniente: The coffee is too hot to drink.

La consecuencia puede aparecer con to + verbo: too tired to continue, too expensive to buy.

Dónde se coloca enough

Con adjetivos, enough va después: old enough, fast enough. Con sustantivos, va antes: enough money, enough chairs.

Not enough expresa insuficiencia y conserva el mismo orden.

Adjetivo	Sustantivo	Negativo
warm enough	enough water	not warm enough
quiet enough	enough space	not enough space

Too much y too many

Too many acompaña sustantivos contables plurales: too many emails. Too much acompaña incontables: too much work.

Cuando no hay sustantivo, too much también puede funcionar como adverbio: You worry too much.

Diferencia entre very y too

Very solo intensifica: The test is very difficult. Too añade un problema o límite: The test is too difficult for this level.

Esta diferencia evita que too suene negativo cuando solo quieres decir muy.
