01 · COMPRENDER

La idea esencial

Aprende a usar going to en inglés A1 para hablar de planes, intenciones y predicciones futuras. Domina las formas afirmativa, negativa e interrogativa con ejemplos del día a día.

Qué es going to y cuándo usarlo

Going to es la estructura más frecuente para hablar del futuro en inglés A1. Se usa para planes e intenciones ya decididas (I'm going to take an English course next month) y para predicciones basadas en evidencia visible (Look at the clouds — it's going to rain). Es más concreto que will, que expresa decisiones espontáneas.

La estructura es: sujeto + verbo to be (am/is/are) + going to + verbo en forma base. Las contracciones son muy naturales en conversación: I'm going to, she's going to, they're going to.

Going to: afirmativa, negativa e interrogativa

Afirmativa: I'm going to study. / She's going to travel. / We're going to practice speaking. Negativa: I'm not going to miss class. / He isn't going to come. / They aren't going to take the exam. Interrogativa: Are you going to study? / Is she going to come? / What are you going to do?

El error más común del hispanohablante es omitir el verbo to be: "I going to study" en lugar de "I'm going to study". El auxiliar (am/is/are) es obligatorio — sin él la oración es incorrecta.

Going to en contexto: planes para el futuro en inglés

Going to es ideal para hablar de metas de aprendizaje: I'm going to take the IELTS in June. / I'm going to practice speaking every day. / She's going to study English in Canada. Estas frases muestran planes concretos con cierta determinación.

También se usa para describir lo que ves que va a pasar: Look! That student is going to answer correctly! / He's going to pass the exam — he's very prepared. Esta función de predicción con evidencia es muy útil en conversación.

¿Cómo se forma "going to" en inglés?

Con to be (am/is/are) + going to + verbo en forma base: "I am going to study", "She is going to travel", "They are going to win". El to be concuerda con el sujeto y el verbo principal queda en infinitivo sin "to".

¿Cuándo se usa "going to" para el futuro?

Para planes e intenciones ya decididos ("I am going to visit my family next week") y para predicciones con evidencia presente ("Look at those clouds — it is going to rain"). Es el futuro más usado en el inglés hablado A1.

¿Cuál es la diferencia entre "going to" y "will"?

"going to" para planes ya decididos y predicciones con evidencia ("I am going to study tonight"). "will" para decisiones del momento y predicciones sin evidencia ("I'll help you", "It will be sunny"). En planes concretos, el inglés prefiere "going to".

La regla de una sola mirada

FÓRMULA

Subject + am/is/are + going to + verb (base)

Decide en este orden

1. Afirmativa: I am going to I'm going to. She is going to She's going to.
2. Negativa: I am not going to I'm not going to. He is not going to He isn't going to.
3. Interrogativa: Are you going to study? / Is she going to come?
4. Planes con tiempo específico: I'm going to take the exam in June.
5. NUNCA: "I going to study" — siempre necesita am/is/are: I AM going to study.

Forma	Estructura	Ejemplo A1
Afirmativa	am/is/are + going to + verb	I'm going to study. / She's going to work.
Negativa	am/is/are + not + going to + verb	I'm not going to miss class. / He isn't going to come.
Interrogativa	Am/Is/Are + subject + going to + verb?	Are you going to take the IELTS?

Errores frecuentes

× "I going to study" I'm going to study — no se puede omitir am/is/are.

× "She's going to studies" She's going to study — verbo en forma base después de to.

× "I am go to study" I'm going to study — going to, no "go to".
