ENGLISH C2 · ANSWER KEY

Evidentiality and modality

Solutions and feedback for the Evidentiality and nuanced modality in English C2 exercise workbook.

THIS DOCUMENT

Answer key

Model answers and concise grammar explanations for every stage in the separate exercise workbook.

RECOMMENDED USE

Keep the three-document system together

Correct one stage at a time. Explain the rule aloud before marking an answer as secure.

Recognition in context

Compare the form first, then read the explanation and name the rule in your own words.

A1

appears

Use “appears”. Decide whether the claim is observed, reported or inferred.

A2

reportedly

Use “reportedly”. Assess the strength and limits of the evidence.

A3

can’t have

Use “can’t have”. Use one source marker and one certainty marker only when both add information.

A4

bound to

Use “bound to”. Never present a report or appearance as independently confirmed fact.

A5

may well

Use “may well”. Decide whether the claim is observed, reported or inferred.

A6

would seem to

Use “would seem to”. Assess the strength and limits of the evidence.

Two connected decisions

Compare the form first, then read the explanation and name the rule in your own words.

B1

reportedly / appears

Use “reportedly”. Decide whether the claim is observed, reported or inferred. Use “appears”. Assess the strength and limits of the evidence.

B2

seems / may well

Use “seems”. Assess the strength and limits of the evidence. Use “may well”. Use one source marker and one certainty marker only when both add information.

B3

expected / are bound to

Use “expected”. Use one source marker and one certainty marker only when both add information. Use “are bound to”. Never present a report or appearance as independently confirmed fact.

Guided text

Compare the form first, then read the explanation and name the rule in your own words.

C1

appears

Use “appears”. Decide whether the claim is observed, reported or inferred.

C2

reportedly

Use “reportedly”. Assess the strength and limits of the evidence.

C3

would seem to

Use “would seem to”. Use one source marker and one certainty marker only when both add information.

C4

may well

Use “may well”. Never present a report or appearance as independently confirmed fact.

C5

expected

Use “expected”. Decide whether the claim is observed, reported or inferred.

Open text

Compare the form first, then read the explanation and name the rule in your own words.

D1

appears to be

Use “appears to be”. Decide whether the claim is observed, reported or inferred.

D2

is reportedly going to

Use “is reportedly going to”. Assess the strength and limits of the evidence.

D3

can’t have

Use “can’t have”. Use one source marker and one certainty marker only when both add information.

D4

is bound to

Use “is bound to”. Never present a report or appearance as independently confirmed fact.

D5

may well

Use “may well”. Decide whether the claim is observed, reported or inferred.

Controlled production

Compare the form first, then read the explanation and name the rule in your own words.

E1

The company is reportedly negotiating a sale.

Use “The company is reportedly negotiating a sale.”. Decide whether the claim is observed, reported or inferred.

E2

The file appears to have been modified.

Use “The file appears to have been modified.”. Assess the strength and limits of the evidence.

E3

They can’t have used the main entrance.

Use “They can’t have used the main entrance.”. Use one source marker and one certainty marker only when both add information.

E4

The price is bound to increase.

Use “The price is bound to increase.”. Never present a report or appearance as independently confirmed fact.

Communicative mission

Compare the form first, then read the explanation and name the rule in your own words.

F1

The system appears to be stable. It is reportedly stable. Given the test results, it must be stable.

The model combines accurate Evidentiality and modality with a clear purpose. Decide whether the claim is observed, reported or inferred.

F2

The treatment is reported to help, but the limited sample would seem to rule out firm conclusions.

The model combines accurate Evidentiality and modality with a clear purpose. Assess the strength and limits of the evidence.

F3

Replace “The firm will close” with “The firm is reportedly considering closure,” and cite the source.

The model combines accurate Evidentiality and modality with a clear purpose. Use one source marker and one certainty marker only when both add information.

Diagnose the pattern, not only the score

Use this page to decide what to revisit in the complete guide.
